

# Example of SLCP Adoption : H&M Group

## H&M Group

### Mission

To enable suppliers to drive continuous improvement in their facility social sustainability performance, delivering demonstrable results on H&M Group's Sustainability Goals.

1400

### In 2021:

SLCP verified assessments were completed in more than 1400 Tier 1 and Tier 2 facilities.

### SLCP verified data helped H&M:

-  Understand facility performance
-  Shape internal compliance
-  200 data points provided guiding indicators on legal and international compliance.

### Plans for 2022:

- Work in collaboration with other industry stakeholders like Better Work.
- Alignment with Verifier Bodies.
- Use SLCP verified data to drive supplier ownership.
