

SLCP Looking to the future - purpose of this vote

Dear SLCP Signatory,

Thank you for all the support you have given SLCP since our inception in 2015. In that time, we have grown from an idea to a foundational program that is now helping to transform global supply chains and improve workers' lives across the world.

Together with our stakeholders and partners we have driven great impact. But there is so much more we can achieve.

On 1 January 2024 SLCP will begin the next stage of its journey - with our second five-year Strategic Plan (2024-2028) and as a fully independent organization. We are asking for your vote on both.

This vote is the culmination of a lengthy consultative process which has shown high support from our Signatories in favor of the direction we are taking. The SLCP Council is also unanimous in its support for full independence and has been consulted extensively on the way forward.

Before you vote, please make sure to read the final draft Strategic Plan (2024-2028) and our plans for independence on our [Signatory Portal webpage](#). You will also find a full overview of this (short) survey on our Portal.

There are over 250 SLCP signatories. Please note that we will only record one vote per signatory. If we receive more than one vote from the same signatory organization, we will count the votes as a single vote if the votes agree. If the votes do not agree we will contact your organization to determine which vote should be counted.

Voting will be open until midnight CET on Friday 22 September.

The Governance committee reserves the right to consider signatories who have not voted by Friday 22 September to be supportive of our plans.

Many thanks for your participation.

The SLCP Voting Committee,

Jonathan Obermeister - Independent Chair

Mayank Kaushik - Representative for Brands and Retailers

Michael Cai - Representative for Manufacturers and Suppliers

Baseline questions (before Strategy and Independence votes)

* Only signatories have voting rights.

I hereby confirm that my organization is signatory to the Social and Labor Convergence Program.

* Which SLCP signatory stakeholder group do you represent?

- Manufacturers/Suppliers/Agents
