TURKIYE SPOTLIGHT: USING SLCP DEEPER IN SUPPLY CHAINS

Distribution of facilities in Türkiye, 2023

*Tier 3 and Distribution Centers

SLCP is working towards increasing adoption deeper in supply chains. While 2300 facilities are already using SLCP in Tier 2 worldwide, adoption in Tier 3 remains lower.

Our registrations in Türkiye show that 31% of facilities are already using SLCP in Tier 2, representing about 300 facilities completing assessments in 2023, a 35% increase compared to one year earlier.

SLCP Human Rights Due Diligence (HRDD) Toolkit

In 2023, SLCP published an HRDD Toolkit for our stakeholders to understand how the Converged Assessment Framework (CAF) tool is aligned with the demands of various legislations, including the Corporate Sustainability Due Diligence Directive (CSDDD).

SLCP will undertake a full mapping against the CSDDD Annex when a final text is adopted.
