Undertaking

Manufacturers, Brands & Retailers, Agents

Within 12 months of signing, we will produce an internal roadmap/action plan to promote and implement SLCP Converged Assessments in our supply chains/business, setting clear targets and timelines.

Each calendar year, we will share our high-level plans with SLCP (e.g. via the signatory survey and facility nominations if requested) and we will report progress against our internal targets to SLCP, including: our levels of adoption of the SLCP Converged Assessment Framework (CAF), and our contributions to the specific aims of the SLCP.

We will engage with other signatories to enable collaborative pre-competitive approaches, joint ownership and accountability to address issues revealed by SLCP assessments.
