Getting started with SLCP!

SLCP Process: Overview

Data Collection:

Facility completes data collection as self- or joint-assessment

Data Verification:

Facility selects Verifier Body and the Verifier completes the verification

Data Hosting & Sharing:

Facility reviews data and chooses whom to share the verified assessment report with via the Gateway & Accredited Hosts

Initial Steps for Facilities:

- Create an account on the <u>SLCP</u> <u>Gateway</u>
- 2. Complete the <u>SLCP e-learning</u>
- 3. Create an account on your chosen Accredited Host platform
- 4. <u>Complete a self or joint-</u> assessment
- Schedule verification of your self or joint-assessment.

The Benefits of SLCP!

SLCP <u>tackles audit fatigue</u> by reducing the time and money spent on social and labor audits:

- One verified assessment per year that contains enough data to satisfy a wide range of customers;
- ✓ Overtime SLCP verified assessment data will replace all other audit systems;
- ✓ Your facility will only need one verification per year (instead of multiple audits).

Industry Support

Over <u>60+ brands, retailers, and standard holders</u> publicly commit to accepting SLCP verified data.
